End of Program Student Learning Outcomes Practical Nursing

*All data is based off information reported by both students & faculty

PN End of Program Student Learning Outcomes

1. Teamwork and communication:

Participate as a member of the interdisciplinary health care team through effective communication in the delivery and management of client care.

2. Professionalism and leadership:

Incorporate professional standards and scope of practice as a certificate practical nurse while pursuing professional growth within legal, ethical, and regulatory frameworks.

3. Client-centered care:

Provide culturally competent care for clients while promoting their self-determination and integrity.

4. Evidence-based practice and nursing judgment:

Utilize the nursing process, science, and clinical reasoning to provide quality evidence-based client care.

5. Quality improvement and safety:

Employ evidence-based decision-making to deliver safe and effective client care and to evaluate client outcomes.

6. Informatics:

Utilize appropriate technology to communicate effectively and manage information in the delivery of client care.
